Sources and Supplemental Readings

Module 1

Kansas-based resources to support your efforts:

1. Kansas Health Matters Portal, [www.kansashealthmatters.org](http://www.kansashealthmatters.org). This Portal provides access to county-level data for your community health assessment. The Portal additionally links to other training materials/resources, and access to Ask an Expert, an online resource for obtaining guidance for community health assessment and community health improvement efforts.

2. Kansas-based examples of community health assessment, planning, and improvement on the Kansas Health Matters Portal, [https://www.myctb.org/wst/kansashealthmatters/default.aspx](https://www.myctb.org/wst/kansashealthmatters/default.aspx)

Lesson: Assuring Ongoing Involvement of Community Members

Supplemental Readings

Sources

1. Association for Community Health Improvement. Step 1: Plan and Prepare for the Assessment. *Community Health Assessment Toolkit*. 
Lesson: Assuring Shared Ownership of the Process among Stakeholders

Supplemental Readings

Sources

4. Association for Community Health Improvement. Step 1: Establishing the Assessment Infrastructure; Step 5: Documenting and Communicating Results. Community Health Assessment Toolkit.

8. Dr. James Walton, personal communication, June 14, 2011
